Experience

Phonair AI-powered music recording & mixing platform

Product Manager — May 2021 - Oct 2024

Led **end-to-end UX design** of an AI-powered music platform, from **0-to-1 product development** to a full redesign and mobile app launch, collaborating closely with engineers throughout delivery.

Redesigned the **AI recording and mixing experience**, introducing real-time previews and streamlined creation workflows, **increasing user-generated uploads by 39%**.

Designed **internal tools and automated workflows** for content management, producer mixing, and creator payouts, enabling independent operations and **reducing CMS task completion time by 83%**.

Projects

Suno AI Music Creation App Revamp — Jun 2025 - Jul 2025

Redesigned the AI music creation experience with **simplified onboarding and guided prompts**, building a **design system from scratch** to ensure UI consistency and scalability. Validated the redesign through usability testing, achieving a **SUS score of 87.5**.

Ringle AI English Education App Revamp — Jan 2026 - Feb 2026

Redesigned the AI speaking experience around a **before–during–after learning journey**, informed by **a survey of 50 users and 7 in-depth interviews**, to address first-payment barriers.

HeyMood Teen Mental Healthcare App Case Study — Jul 2025 - Sep 2025

Designed a **personalized mental wellness experience** based on 6 user interviews, refining AI-generated insights and interactions through **think-aloud usability testing across 6 tasks**.

Ecolab B2B Corporate Website Redesign — Apr 2025 - May 2025

Redesigned the **navigation and visual hierarchy** of a global B2B website, improving content clarity and emphasizing performance metrics and social proof to strengthen credibility.

Vibe Review AI Code Review Tool — Mar 2026 - Apr 2026

Independently **designed and shipped an AI-powered code review tool in 3 weeks**, from problem definition to deployment, delivering **explainable, actionable feedback** that keeps users in control.

Education

Blossom UX Design School

480+ Hours · UX Design Intensive Bootcamp — Apr 2025 - Oct 2025

UK-based design academy focused on end-to-end product design, from problem discovery and user research to interaction design, prototyping, and usability testing.

Chungang University

B.S. in Computer Science and Engineering — Mar 2014 - Aug 2020

Skills

Product Design
Interaction Design, Information Architecture, User Flows, Wireframing, High-Fidelity UI Design, Rapid Prototyping, UX Writing, Accessibility, Design Systems

Research
User Research, Usability Testing, Market Research, Problem Framing, Data-informed Decision Making

Technical · Prototyping
Front-end understanding (HTML/CSS), Data Visualization, AI-assisted Prototyping & Development

Tools
Figma, FigJam, Webflow, Codex, Claude, Notion, Slack, Git
